

HR-Specialist (f/m)

Location: Berlin
Start Date: immediately

Our Company

OpenSynergy builds embedded software for vehicles and paves the way for autonomous driving.

OpenSynergy's customers are car manufacturers and Tier1 suppliers around the globe. Our portfolio contains several innovative products. COQOS SDK is a software platform for connectivity, infotainment and driver assistance systems. It uses hypervisor technology to support the development of highly integrated vehicle systems. We often use open source solutions, such as Linux, in our designs and actively support the current and future AUTOSAR standards. Our product Blue SDK is the leading Bluetooth-Stack in automotive and supports new use-cases requiring low energy wireless communication in the car. Update SDK provides a secure over-the-air software update solution. Our software solutions are ideally suited to create an integrated driver experience and to connect the car securely to the cloud.

Linux-, AUTOSAR-, Android- and Hypervisor-experts, developers, architects and project managers all participate in the development of our products and in customer projects. Our corporate culture is inspired by the diversity and international character of our employees, partners and customers.

We like to delegate responsibility and invite all our employees to participate in a continuing process of improvement and innovation. We offer several routes for career development: as a technical expert, a team leader, a technical lead or a project manager. At every stage we will recognize your performance by a competitive pay.

OpenSynergy is an independently managed company with head office in the center of Berlin and additional offices in Munich and the USA. The company is constantly growing. If you too would like to join, send us your application. We look forward to it.

Responsibilities

You and your team are responsible for all HR-related topics at the Berlin headquarter and our branch offices around the world. You will improve our HR processes to make OpenSynergy ready for continued growth. You are responsible for our recruiting process and to define the right recruitment strategy. In close cooperation with the management team, you will develop new concepts to continue to make OpenSynergy into the most attractive work place in our industry.

Our offer

- Take on a high level of responsibility and grab the chance to implement your own ideas and impact the organisation
- Support a growing organisation in an exciting field
- Participate in an open-minded and fair working atmosphere

Our expectations

- You have a degree in business administration or similar
- You have a proven track-record in HR-management and recruiting
- You are self-driven and can take on a leadership role
- You work well within a team and take a creative, hands-on approach to the benefit of those around you
- You have a very good command of English and German (both written and spoken)

We offer:

- a creative working atmosphere with flextime
- a chance to work in Berlin's dynamic district Friedrichshain
- international colleagues and customers
- an opportunity to work with experts in the field of embedded software for cars
- an open-minded and fair working atmosphere.

Please send your complete application in German or English along with your desired salary to jobs@opensynergy.com.
