

## Technical Product Manager (f/m/d)

**Location:** Berlin  
**Start Date:** immediately

### Our Company

OpenSynergy works on one of the most fascinating topics in software development: e.g. the integration of Linux or Android solutions with automotive-specific software such as AUTOSAR, the development of the Bluetooth® stack Blue SDK, of an OTA update mechanism and a kit providing high quality of signal processing for hands-free applications in the car. Our customers include automotive manufacturers and suppliers. That's why COQOS rides along in the car.

OpenSynergy is an independently managed company. Its headquarters are situated in Berlin with locations in Munich and the United States. The company is continuously growing and our corporate culture is inspired by the internationality of our employees, partners and customers.

OpenSynergy is a development member of the AUTOSAR development partnership, member of the GENIVI Alliance, The Linux Foundation and Automotive Grade Linux (AGL). It participates in national and international research projects such as ARAMIS and EURO-MILS.

If you would like to join our team, apply today. We look forward to meeting you.

### Your task

- Monitor industry trends and innovations: present them to the management team on a regular basis.
- Define product features & roadmaps: educate and train internal departments (R&D, Marketing and Sales) on new/enhanced products' features and USPs
- Develop and maintain understanding of customers' needs: represent the "voice of the customer" within the company
- Control the products' business case: take appropriate actions (trigger new product features or marketing activities) to adjust market needs

### Our Expectations:

- Degree in computer science or electrical engineer
- 5+ years experiences with automotive software products
- Ability to understand software technology trends, see how they impact our roadmap, and how they drive innovation
- Robust interpersonal skills, teamwork and collaboration
- Strong written & verbal Communication skills (German & English)
- Strong ability to build consensus

**We offer:**

- a creative working atmosphere with flextime
- a chance to work in Berlin's dynamic district Friedrichshain
- international colleagues and customers
- an opportunity to work with experts in the field of embedded software for cars
- an open-minded and fair working atmosphere.

Please send your complete CV (including a response to the specific job requirements and your salary expectations) to [jobs@opensynergy.com](mailto:jobs@opensynergy.com).
